VMO is a non-profit society founded in 2003, dedicated to providing superior orchestral mentorship for talented music graduates by creating and offering opportunities for them to perform with seasoned professionals for live audiences. We strongly believe that by providing opportunities for music graduates, we are preparing our young musicians for leadership opportunities in orchestras and ensembles around the world, and empowering them to enrich the cultural life of their communities

We perform music from the Baroque, Classical and Romantic periods. We also perform contemporary and popular music in special concerts with opera companies, choirs and traditional folk music groups. Our choice of repertoire focuses on music that is commonly asked for in Orchestra Auditions.
